(2012-03-14 10:18) myself: do you make purchases with the DigitalAlch account?

(2012-03-14 10:19) da: [...] No, not for a while. I had at one point but only to way out there drop location. States away : )

(2012-03-14 10:19) da: I use TheKindestDaze genreally.

(2012-03-14 10:19) myself: That's good. Your name is getting higher profile on the forums, and we wouldn't want anyone with your address from past orders to compromise you.

...

(2012-03-14 10:27) myself: we might want to construct a new identity for you though.

(2012-03-14 10:27) da: Say that I'm quitting

(2012-03-14 10:27) da: Yea?

(2012-03-14 10:28) myself: maybe, or just disappear.

(2012-03-14 10:28) myself: let's think on it for a few days

(2012-03-14 10:28) da: IRL or online?

(2012-03-14 10:29) myself: no, just online. My concern is that LE will see that DA is a player at Silk Road by your forum presence, and then track down who you bought from, and sold to under that name and then find you irl.

...

(2012-03-14 10:36) da: Damn. I really liked the DigitalAlch moniker. It really fit me. Oh well, freedom is better than prison : )

(2012-03-14 10:37) myself: yep. I gotta protect my assets too

(2012-03-14 10:39) da: Do you mean me? Or outside assets.

(2012-03-14 10:39) myself: you
