(2012-12-27 14:39) myself: you're in charge of vendor support for now, and inigo is in charge of customer support
(2012-12-27 15:02) myself: also, I want you to go back through all of the vendors you demoted and give them a second chance. Send them a message like this:

We'd like to give you a second chance to get your account back in good standing. This will be your last warning. If you disregard the Seller's Guide again, your vending priviledges will be lost permanently. To bring your account back into good standing, you must pay for the commissions you should have paid on all of your out of escrow transactions to date. It is your responsibility to determine how much this comes to. If you low-ball it, we will investigate and permanently demote your account. If anything you should include a little extra as an apology and show of good will. Send this money to "SR Quality Control" via your account page. Message me when this is done.

[Page 190 of 259]

(2012-12-31 14:25) myself: one more thing
(2012-12-31 14:26) myself: We have investigated your account have found that you have done many out of escrow deals, meaning you take the coind directly to by pass SR fees. This is in violation of the Seller's Guide and your vendor agreement. Your account has been suspended.

We'd like to give you a second chance to get your
