(2011-12-07 13:06) vj: OK- can't go without asking - whats the weekly gross sales

(2011-12-07 13:06) vj: save me scraping all the feedback pages and doin the math

(2011-12-07 13:06) myself: wanna take a guess?

(2011-12-07 13:07) vj: nope - but 450 trans a day...

(2011-12-07 13:07) vj: average say \$55?

(2011-12-07 13:07) vj: comes to 25 grand a week, and seems low to me

(2011-12-07 13:07) vj: but that's the current guesses on the board

(2011-12-07 13:07) myself: yea, 450 a day is high because saturday is like 350 and sunday is like 250

(2011-12-07 13:08) myself: but the avg is more like \$75

(2011-12-07 13:08) vj: Don't forget that xmas - end of jan is gonna slow down, but growth might keep it from slowing too bad

(2011-12-07 13:09) vj: but lots of folks are gonna be broke come xmas morning

(2011-12-07 13:09) myself: I track the monthly sales volume and it's around \$500k right now

(2011-12-07 13:09) myself: so, \$125k /wk or so

(2011-12-07 13:09) vj: not bad for a guy that started selling shrooms, eh

(2011-12-07 13:09) myself: haha

(2011-12-07 13:10) myself: yep, pretty happy

(2011-12-07 13:10) vj: so, why'd you stop vending, ha

(2011-12-07 13:10) myself: too risky. I figured I'd be a target

**(2011-12-07 13:11) myself:** and it was really time consuming. i grew my own

**(2012-03-11 22:43) vj:** [ . . . ] Sometime, we have to have a discussion about what to do in the event of arrest or incarceration, thought about that a fair bit during the last two weeks.

**(2012-03-11 22:43) vj:** For instance, if you were arrested

**(2012-03-11 22:43) vj:** a decision would have to be made at what point in time do I come get you out

**(2012-03-11 22:44) vj:** and I would come and get you out

**(2012-03-11 22:45) vj:** Myself, that time would be a lot longer - scary, but jail doesn't scare me a whit anymore. I treat it like being in a 3rd world country with poor communications infrastructure

**(2012-03-11 22:45) myself:** I've been thinking a bit about that as well. like I could put instructions for transferring control in an encrypted file and give it to a family member. then I can give them the password if I get put in jail.

...

**(2012-03-11 22:52) vj:** and remember that one day when your in the exercise yard, I'll be the dude in the helicopter coming in low and fast, I promise.

**(2012-03-11 22:53) myself:** ok

**(2012-03-11 22:53) vj:** seriously, with the amount of \$ we're generating, I could hire a small country to come get you

**(2012-03-14 13:17) vj:** One of the things i'd like us to look at investing in is a helicopter tour company.

**(2012-03-14 13:18) vj:** Cause you never know when one of us is gonna need a helicopter!

**(2012-03-14 13:18) vj:** Be pretty handy to have it leased already.

**(2012-03-14 13:18) myself:** I made a declaration about 8 years ago that I'd be a billionaire by my birthday in 2014. If you could the discounted future revenues of the enterprise, it could happen

...

**(2012-03-14 13:20) vj:** When yer keeping your eye on the ball, that's the big one.

**(2012-03-14 13:20) myself:** yep, all that money won't be worth much if we're behind bars

**(2012-03-22 01:58) vj:** how much was the total for the last sale.

**(2012-03-22 01:58) vj:** ?

...

**(2012-03-22 02:01) myself:** \$321,802.06 from 4197 orders

...

**(2012-03-22 02:01) vj:** how many vendors do we have now?

**(2012-03-22 02:02) vj:** and what are weekly sales?

**(2012-03-22 02:02) vj:** hould do well over double weekly sales for the sale, I'd think, quite easily moe.

...

**(2012-03-22 02:02) myself:** weekly peaked out at ner \$600k, but have fallen this past week to \$475k or so

**(2012-03-22 02:03) vj:** So we'll easily break a mil for the sale - not bad for a bit over a year old, eh.

**(2012-03-22 02:04) myself:** # vendors is about 200 decent sized and active
